Introduction to the OceanSITES data and metadata management

Monday, February 12, 2018
06:00 PM - 07:30 PM
Oregon Convention Center - F152

This workshop will:
• Introduces the new OceanSITES metadata management system
• Discussion forum on the release of “data products” from OceanSITES sites

Answers to the following questions will be given:
• Why do we need a new metadata management system for OceanSITES?
• What can JCOMMOPS do for us?
• How can I introduce information for my site?
• ....

Register at oceansites.jcommops.org to try the editing for your site before the workshop and ask your questions!!
